 JFK TTRT- Subject is an exact match to P3C51007900CPH due to her relationship (girlfriend) to USC Ross William ROGGIO (12/05/1968) who is a match to P3C22703100CPH and P5F15819800C96.

JTF FBI S/A Douglas Vetrano and HSI S/A Mundy were on site to detain electronics for both subjects.

Please see IO25 for closeout on Ross William ROGGIO done by CBPO A. Morales (JFK TTRT).

Subject is a 25 year old female born in [REDACTED] in Chorlarios, Attiki, Greece. Subject identified herself as an unemployed photographer and actress by profession who used to live at home with her parents [REDACTED], Greece.

Sometime in early 2016 she met Ross William ROGGIO in Greece where he often visited; on February 23, 2017 she moved to Sulaimaniyah Iraqui Kurdistan to work as ROGGIO's personal assistant. She was asked what qualifications were requested of her to become his personal assistant. Subject stated that he only requested she would be willing to travel and speak English.

Subject stated that shortly after her arrival to Sulaimaniyah they became a couple (they have been together as a couple for 8 months). She was very forthcoming and stated they have been inseparable since. [REDACTED]

Subject stated that two of them have not been apart for more than five days since getting together except for two weeks for Thanksgiving in November 2016. According to her, he flew to the United States to spend Thanksgiving with his two children from his prior marriage.

They lived together at Parki Daik Building 12 7th floor apartment 701 Sulaimaniyah, Kurdistan Iraq. She described North Iraq as a very safe place because they even sell alcohol. She stated that at no time did she fear for her safety at that at no time did ROGGIO express to her that he feared for his life or safety. She also stated that nothing eventful happened while they lived in Kurdistan for 11 months.

Subject stated that her duties as a personal assistant to ROGGIO were to do his laundry and cleaning; at his office located at Baharan Residential Complex Building 13 floor 2, Office 10 Sulaimaniyah Kurdistan Region she would file his paperwork and delegate work to his staff on his behalf. She said their office hours were Monday through Friday from 8:00 am until 5:00 pm.

Regarding ROGGIO's business she stated he has a consulting/construction business named ROGGIO CONSULTING COMPANY at the office address listed above. According to her, he told her he was a civil engineer by profession who graduated from MIT. She really didn't seem to be too involved in his business dealings because her vocabulary was limited when she spoke of the services that his business offered. She ended up saying that he gets to do roads, hotels and makes projects happen. She could not come up with the name of one single project.

According to her in order for his business to be able to operate in Kurdistan he would have to be subcontracted by a local business. The local business that contracted ROGGIO CONSULTING COMPANY was ZARYA CONSTRUCTION whose offices are also in Sulaimaniyah Kurdistan. As a matter of fact her Iraq/Kurdistan Residence Foreigner's Residence Card # 316890 lists her employer as ZARYA CONSTRUCTION.

Subject stated she stopped working for her boyfriend ROGGIO about one month ago [REDACTED]. [REDACTED] she is currently unemployed ROGGIO will cover all her expenses while in the U.S.

Their purpose of travel to the U.S. is to see ROGGIO's 93 year old father who is hospitalized pending to be cleared from an infection in order to get surgery. She did not know which hospital his father was hospitalized in. Subject stated the plan was to leave JFK go straight to the hospital.

Subject stated that ROGGIO told her they would be staying in his old home located at 116 Turkey Hill Court Stroudsburg, PA. She also said they might stay with his parents who live close by in Stroudsburg (this address she did not know).

She said she is unsure of when they will leave the U.S. maybe a month or two depending on
